

As we look at life,
the pain, the loss & strife,
we have to own our wrongs,
not sing the same old I'm
innocent song....

If things dont seem right,
dont go n get fried all night,
Its only going to end badly.
Or possibly in a death, sadly....

But there is hope out there,
So dont drown yourself in fear,
Reach out n talk to some one,
or confide in your dear old mum.

Theres always some one who cares,
Dont be leaving them in tears,
or standing over your grave sight,
Its only temptation to the addiction
youve gotta fight....

DONT DO DRUGS !!
